Professional Judgment Panel Questions
IMLS National Leadership Research Grant project
“Supporting Infrastructure Needs for 21st Century School Library Programs”
January 10, 2012

1. What existing resources support teaching of 21st century learning skills to Pennsylvania students?
Prompts: staffing levels, training, collections/formats/info resources, databases and other common resources, training and resource sharing networks, technology (think at building, district, intermediate, and state levels)

2. What additional resources would be useful in teaching 21st century learning skills?

3. Of these additional resources, which ones are especially needed to teach students with specific needs (urban, rural, poor, English language learners, special education)

4. Which additional resources are essential, and which are desirable?

5. Which essential resources should be made available statewide?

6. Which of these needed resources are more familiar to librarians and others in the education community, and which do librarians and others need to learn more about?

7. What would be the most efficient and effective means of introducing librarians and others to needed resources?
Prompts: training modalities, publication types, web/app features
